

The next phase of the BusConnects roll out continues

New routes launching on the 26th of January

- E1 Northwood DCU City Centre Bray Ballywaltrim ಚ
- E2 Harristown DCU City Centre Dún Laoghaire 4
- **19** Dublin Airport DCU City Centre (Parnell Square/Merrion Square)
- L1 Newtownmountkennedy Greystones Station Bray Station
- L2 Newcastle Greystones Station Bray Station
- L3 North Delgany Greystones Station Glenbrook Park
- L12 Ballywaltrim Herbert Road Bray Station
- L14 Southern Cross Road Bray Station Palermo
- L15 Enniskerry Golf Club Bray Station
- L26 Kilternan Cornelscourt Blackrock Station
- L27 Leopardstown Valley Cornelscourt Dún Laoghaire
- X1 Kilcoole Greystones City Centre (Hawkins Street)
- X2 Newcastle Kilcoole Greystones Brides Glen City Centre (Hawkins Street)

The BusConnects Network Redesign

BusConnects is the National Transport Authority's (NTA) programme to greatly improve bus services in Irish cities. The aim of the network is to improve the existing Transport for Ireland (TFI) system through enhanced bus services with high frequency Spines and new Local, Orbital and Radial routes. Following the recent commencement of Orbital route N2 (Heuston Station to Clontarf Road Station), the Phase 6a roll out continues on the **26th January**.

Areas served by Phase 6a include:

- Santry
- Ballvmun
- DCU (Santry)
- Dublin Airport
- Clontarf
- Phibsborough
- Broombridge •
- City Centre

- Heuston Station
- Stillorgan
- UCD (Belfield) •
- Brav •
- Dún Laoghaire
- Greystones
- Newcastle

Benefits of the BusConnects programme include:

- Increased capacity and frequency.
- Enhanced all day, night-time and weekend services.
- Improved ticketing system to allow for free interchange between applicable TFI services with the TFI 90 Minute Fare.

Phase 6a continues to roll out on the 26th of January

This phase introduces new 24 hour Spines E1 and E2. It will also include the launch of Radial Route 19. Local routes L1, L2, L3, L12, L14, L15, L26, L27 and Peak routes X1 and X2.

Radial route 19 will initially operate to and from Parnell Square and to and from Merrion Square at peak times. An all-day service to and from Merrion Square will commence in April.

The following routes will no longer operate: 46a, 46e, 63, 63a, 84, 84a, 84x, 143, 144, 145, 155, 184 and 185.

The following existing routes operated by Dublin Bus will be diverted:

- Route 4 from Monkstown will be diverted at O'Connell Bridge to Heuston Station.
- Route 11 from Sandyford will be diverted at Parnell Square to run via Phibsborough and the North Circular Road to the Phoenix Park.
- Route 13 from Grange Castle will terminate at Mountjoy Square.

Fares

The TFI 90 Minute Fare applies to most journeys in the Dublin area. along with some parts of East Kildare MINUTE FARE and North Wicklow. It allows you to

transfer between Dublin City Bus (Dublin Bus and Go-Ahead Ireland Dublin city services), Luas, DART and commuter rail (zones 1 to 4 in the Short Hop Zone) for free during 90 minutes when using a TFI Leap Card. You must touch-on every time you board a service to demonstrate you hold a valid ticket for each journey. As long as you touch-on your last service within 90 minutes of the first touch-on, you will qualify for the TFI 90 Minute Fare.

TFI Leap Fares	Adult	Young Adult (19-25) / Student	Child		
Short Fare	€1.50	€0.75	€0.65		
TFI 90 Minute Fare	€2.00	€1.00	€0.65		

New network route types

The BusConnects Network Redesign has introduced five types of route which operate in different ways.

Spines are very frequent routes made up of individual bus services that are timetabled to work together over their common sections. Some examples of Spines already rolled out include the C1, C2, C3, C4, G1, G2, H1, H2 and H3.

Orbitals provide connections between suburbs, without having to travel into the city centre. Some examples of Orbitals already rolled out include the N4, N6, S2, S4, S6, S8, W2, W4 and W6.

Locals provide connections to local centres and link to onward transport connections. Some examples of Locals already rolled out include the L25, L51, L52, L53, L54, L55 L58, L59.

are not part of any **Spine** and operate to their own timetable. Some examples of **Radials** already rolled out include the **52**, **60** and **74**.

Peak Only/Express

Peak routes operate during peak travel periods, providing additional capacity along key bus corridors. Express routes are direct services from outer suburbs to the city centre during peak hours, serving limited stops to get passengers to their destination faster. Some examples Peak/Express already rolled out include the X25, X26, X27, X28, X30, X31, X32.

Benefits of the BusConnects programme

It provides additional capacity and increased frequency, especially at evenings and weekends. More 24-hour services have been introduced to assist shift workers and support the night-time economy.

Frequency Guide: E1, E2, 19, L1, L2, L3, L12, L14, L15, L26 and L27
